ROTOCONTROL Expands USA Sales Team

Combined forces with EMT International now providing powerful synergy in manufacturing and service operations.

LINAU, Germany (September 6, 2018) – In a move to further strengthen its North American presence, ROTOCONTROL has expanded their USA sales team. The combined forces of EMT International and ROTOCONTROL now provide a powerful mix of manufacturing expertise and 24-7 service operations for the North American label finishing market.

“ROTOCONTROL’s user-friendly European design coupled with EMT International’s deep manufacturing and service structure will provide the North American market with the best equipment and support,” said Anthony Driscoll, marketing/sales representative for ROTOCONTROL.

“With an extensive product line of 14 different available platforms including digital finishing, die-cutting, booklet label production, slitter/rewinder models and semi to fully automatic turret equipment, ROTOCONTROL’s German-engineered technology is a respected manufacturing entity throughout Europe and also in this region of the world,” added Jason Schmitt, eastern regional sales manager for ROTOCONTROL.

**Jason Schmitt, Jim Driscoll, Anthony Driscoll
and Marco Aengenvoort**

The new ROTOCONTROL USA team includes Marco Aengenvoort, Anthony Driscoll, Jason Schmitt, Jim Driscoll, Chris Roque, and industry veteran Denny McGee. ROTOCONTROL is also represented in Canada by Northern-Graphic-Solutions.

A kick-off sales meeting was recently held at EMT International headquarters in Green Bay, WI and the team will meet the industry at the upcoming Labelexpo Americas on the joint EMT/ROTOCONTROL booth 3511, in hall C. A DT-Series 340 for advanced finishing of digitally preprinted label rolls, the FC-Series 540 fully-automatic turret for rewinding of pressure sensitive self-adhesive labels, and the RSC-Series 440 high-performance, compact, extremely robust label slitter/rewinder will be demonstrated.

-more-

ROTOCONTROL RSC inspection slitter rewinders are also available for demonstration at EMT International headquarters in Green Bay, WI. Beginning in October 2018, the DT-Series digital finishing line and a fast change Turret will also be on-site for demonstrations.

About EMT International, Inc.

With over 80 years' experience, EMT International, Inc. is recognized as a world leader in engineering and manufacturing superior quality finishing equipment & accessories and web transport solutions, serving OEM and converting customers worldwide in label and packaging printing, paper, and document processing industries. EMT has the design and development expertise to create highly customized, application-driven solutions in offset, flexo and digital inkjet technologies.

Headquartered in Northeast Wisconsin, EMT's global success was built on a reputation for innovative and robust product designs and a customer first service mindset. Exceptional customer satisfaction is integral to the entire EMT team.

EMT International, Inc. - Fast, flexible, always reliable.
