S&N Labels Orders Second ROTOCONTROL RSD Finishing Machine

Order marks 16th ROTOCONTROL Finishing Machine sold into South Africa

Ahrensburg, Germany (August 24, 2011) – ROTOCONTROL today announced the receipt of another purchase order from S&N Labels in South Africa. Ordered was an RSD 340mm web width Slitting/Rewinding Finishing Machine with one Die Cutting station. This machine will complement their current ROTOCONTROL RSD Machine with the DRM dual rewind semi-automatic turret. The order was placed through Patrick Aengenvoort, Director of ROTOTEC, marking the 16th ROTOCONTROL Finishing Machine sold into South Africa.

Mr. Simon Grisdale, Managing Director of S&N Labels commented: “We are extremely pleased with the technology and performance of our current ROTOCONTROL finishing machine with the DRM turret that we invested in over a year ago. The machine is Operator-friendly with its ergonomic design and uncomplicated touch screen, and the DRM turret has greatly enhanced our productivity. With our production growth and requirement to add an additional machine, we immediately opted for ROTOCONTROL.”

Mr. Tim Grisdale, Production Manager of S&N Labels commented: “Patrick Aengenvoort and the ROTOTEC team have provided outstanding service and support for S&N Labels. They are a reliable Tooling and Finishing partner and have a solid presence throughout South Africa. ”

S&N Labels was formed in 1998. From the outset the company experienced phenomenal growth due to exceptional service delivery and range of quality products. S&N Labels provides a total solution to accommodate all labeling and barcoding requirements.
