ROTOCONTROL Appoints MEG Trading As Agent In Benelux

Rolf van den Berg of MEG Trading now representing ROTOCONTROL leading edge inspection, slitting, rewinding and die cutting finishing machines in the Benelux

Ahrensburg, Germany (March 08, 2012) - ROTOCONTROL today announced the appointment of MEG Trading Commercial Solutions as ROTOCONTROL Agent representing the Benelux. The former Agent for LeoMat, MEG Trading will now locally represent both ROTOCONTROL and LeoMat brands of inspection, slitting, rewinding and die cutting finishing machines.

Rolf van den Berg, Owner of MEG Trading brings numerous years of converting experience through supporting numerous LeoMat installations in the Benelux, in addition to representing Matho Trim Extraction Systems and AB Kelva Webcleaning. With the recent aquisition of LeoMat by Rotocontrol, the opportunity to provide a wider range of products through a consolidated global agent network will provide customers with greater choice through a single point of contact.

Marco Aengenvoort, ROTOCONTROL Managing Director commented: "With existing finishing machines installations and a significant growth opportunity in the Benelux, ROTOCONTROL is now well positioned with experienced local sales support. We look forward to mutually successful relationships with our new representation."
