▶ **ROTOCONTROL listed as Silver Sponsor in upcoming FINAT Annual Congress 2010**

The FINAT Annual Congress 2010 is being held in Valencia, Spain from June 9-12th

Ahrensburg, Germany (June 2, 2010) – ROTOCONTROL today announced their participation as Silver Sponsor at the FINAT Annual Congress 2010 event to be held in Valencia (Spain) from June 9-12th. During the congress, ROTOCONTROL will be available in a table top booth to provide FINAT members with the latest product information on ROTOCONTROL slitting, rewinding and die cutting finishing machines for the narrow web industry

▶ Marco Aengenvoort, Managing Director commented, "The FINAT Annual Congress is a key event for both Converters and Suppliers to gain fresh ideas from key industry speakers and to exchange ideas through networking events. ROTOCONTROL is honoured to sponsor this highly attended meeting."

FINAT has chosen "Creativity and innovation: the way for tomorrow" as the theme for the congress event. The theme is a reflection of fundamental changes to be anticipated in the way label demand and supply will be connected in the years to come. The Annual Congress 2010 is drawing world-wide Converters, Suppliers and Associations and will conclude with the FINAT Label Awards Ceremony.

About FINAT

FINAT, founded in Paris in 1958 and headquartered in The Hague (The Netherlands), is a world-wide association for manufacturers of self-adhesive labels and related products and services. With 600 members in over 50 countries around the world, FINAT has much to offer to label converters and all suppliers in the labeling industry in terms of information exchange and the opportunity to network internationally.

About ROTOCONTROL

ROTOCONTROL designs and manufactures leading edge inspection, slitting, rewinding and die cutting finishing machines for the narrow web industry. Available globally, ROTOCONTROL offers machines from smaller basic rewinders to feature rich, sophisticated models with multiple options. All utilize S-Drive Servo Technology enabling maximum web control for the most delicate film and foil materials. Headquartered in Ahrensburg (Hamburg), Germany ROTOCONTROL maintains the highest level of product quality through ease of use, absolute control and flexibility. ROTOCONTROL is the partner of choice in the finishing of label products.
