## ▶ **S&N Labels South Africa selects ROTOCONTROL RSD 440**

*S&N Labels orders a ROTOCONTROL RSD 440 with 2 die stations and DRM turret*

Ahrensburg, Germany (March 10, 2010) – Ralph Beier, ROTOCONTROL International Sales Manager, today announced the receipt of a purchase order for a ROTOCONTROL RSD 440 from S&N Labels South Africa. The order was placed through ROTOTEC, the local distributor for ROTOCONTROL product throughout South Africa.

▶ “Patrick Aengenvoort, Director from ROTOTEC invited and accompanied S&N Labels to our manufacturing facility in Hamburg to view a demonstration of the RSD 440” states Ralph Beier. “They were so impressed with the technology, specifically the DRM turret, that they placed an order on-site.”

“After doing business with Patrick for many years, we naturally accepted his invitation to view the ROTOCONTROL RSD 440 in Germany” states Simon Grisdale, Managing Director of S&N Labels. Tim Grisdale, Production Manager of S&N Labels states: “The demonstration exceeded our expectations, especially the DRM dual rewind semi-automatic turret technology. After doing the calculations on time saved it was easy to justify ordering the additional option.”
