▶ **ROTOCONTROL Extends Coverage to South America**

Forpack International Trade now distributing ROTOCONTROL leading edge inspection, slitting, rewinding and die cutting finishing machines throughout South and Central America

Ahrensburg, Germany (February 18, 2010) – Following last week's distribution announcement in Spain, Ralph Beier, ROTOCONTROL International Sales Manager, today announced another signed exclusive distribution agreement with Forpack International Trade now representing ROTOCONTROL leading edge inspection, slitting, rewinding and die cutting finishing machines for the narrow web industry throughout South America.

▶ “After spending two weeks in Brazil and Chile visiting Converters, I witnessed firsthand the exciting demand for Finishing Machines” states Ralph Beier. “Forpack approached ROTOCONTROL seeking to represent our product and after observing how professional and well-connected they are, I am convinced they will do an outstanding job.”

Orlando Livolis, Managing Director of Forpack commented: “Latin America is a quickly growing market, with a high demand for superior quality and reliable finishing machine technology”. After monitoring activity generated from ROTOCONTROL over the last year, we were convinced the line was a perfect fit for our suite of conversion product.”

Orlando Esteves, Forpack International Trade and Ralph Beier, ROTOCONTROL
