▶ **ROTOCONTROL Signs Distribution Agreement with Esagraf for Local Coverage in Spain**

Esagraf will host an open house at their Barcelona facility in March to demonstrate the RSC Slitter Rewinder Inspection Machine

Ahrensburg, Germany (February 9, 2010) – Ralph Beier, ROTOCONTROL International Sales Manager, today announced the signed exclusive distribution agreement with Maquinaria Esagraf who will represent ROTOCONTROL leading edge inspection, slitting, rewinding and die cutting finishing machines for the narrow web industry in Spain.

▶ “Esagraf is a well-known and esteemed company representing high quality lines for the narrow web industry in Spain” states Ralph Beier. “Already, they have booked business for ROTOCONTROL and will further promote the ROTOCONTROL line of leading edge inspection, slitting, rewinding and die cutting finishing machines during their open house in March from the 22nd to the 26th.

Eduardo Sá Lago, Managing Director of Esagraf commented: “Over the last 15 years we have established numerous customer relationships in Spain’s narrow web industry. Our clients seek innovative and robust finishing technology. We partnered with ROTOCONTROL as their impressive line of finishing technology and manufacturing capability will surpass our client expectations”.

Michael Aengenvoort, ROTOCONTROL and Eduardo Sá Lago, Maquinaria Esagraf, S.L.

About Maquinaria Esagraf, SL

With more than 15 years of experience, Maquinaria Esagraf is devoted to the graphic arts industry throughout Spain.
