ROTOCONTROL Appoints Reprograf as Agent in Poland

Reprograf recently celebrated its silver jubilee serving the Polish printing market.

LINAU, Germany (October 27, 2016) – ROTOCONTROL, [a manufacturer of leading-edge label slitter/rewinder inspection and finishing machines](#) has expanded its world-wide distribution network with the appointment of Reprograf as the local agent in Poland. Reprograf recently celebrated its 25th anniversary of serving the Polish printing market with an extensive portfolio of products and services.

With headquarters in Warsaw and 6 regional offices across Poland, Reprograf offers a diverse range of advanced printing solutions including software, consumables, prepress systems, printing machines, market solutions for digital large-format printing and bookbinding equipment. Reprograf has an extensive team of over 80 employees including fully mobile and highly trained service technicians. Reputable print industry brands represented by Reprograf include Screen, Komori, Mimaki, and EFI.

Reprograf celebrating its silver jubilee

Andrzej Płatek, Reprograf SA vice president of sales comments: "Celebrating its 25th anniversary this year, Reprograf is a leading supplier in the printing industry, and is constantly evolving its portfolio. It takes considerable evaluation to expand the range of offered products, especially printing equipment specializing in digital label finishing. This is a solution that more and more clients are requesting as digital labels offer endless possibilities. Experts predict that this technology will drive the most evolution in the label manufacturing market."

ROTOCONTROL is a company that designs and manufactures highly reputable label finishing systems. We began working together with ROTOCONTROL due to their rich product offering, market responsiveness, and recommendations from our other suppliers. We are convinced that the ROTOCONTROL products Reprograf is now distributing in the Polish market will prove advantageous, because they provide many development opportunities which translate into client acquisition and, of course, entering new areas of production."

-more-

Marco Aengenvoort, managing director of ROTOCONTROL comments: "With their impressive product portfolio and 25 years of building relationships with customers and partners in the print industry, Reprograf is a valuable extension of our global distribution network."
