

FOR IMMEDIATE RELEASE

Artur Gondek Joins ROTOCONTROL as Area Sales Manager

Artur brings years of experience in print technologies and channel management to the role.

LINAU, Germany (March 5, 2020) – ROTOCONTROL has appointed Artur Gondek as Area Sales Manager with responsibility for direct sales and agent management for the company's range of modular finishing machines designed for label inspection, slitting, rewinding, die cutting, digital and booklet printed labels.

Artur brings years of experience in print technologies and channel management to the role through his studies and positions within the industry, including Hewlett Packard, DuPont, Heidelberg and most recently Rotoflex. He is based in Warsaw, Poland.

“As our Area Sales Manager, Artur provides a key role in our growth strategy, especially with the recent addition of the Ecoline brand to our finishing equipment portfolio,” said Marco Aengenvoort, ROTOCONTROL managing director. “Artur’s expertise in digital printing and direct experience in the narrow web industry brings tremendous value to our customers and partners.”

“ROTOCONTROL is a respected brand in the industry, known for its high-quality range of finishing systems from basic rewinding configurations to more advanced machines featuring turrets, in-mold labels, booklets, flexo overprinting and more,” said Gondek. “It is a pleasure to join the ROTOCONTROL organization, and I look forward to promoting its finishing equipment and dynamic range of capabilities.”
