

FOR IMMEDIATE RELEASE

ROTOCONTROL Appoints Davis Graphics as Exclusive Distributor for Argentina, Uruguay and Paraguay

Partnership made official at Label Summit Latin America.

LINAU, Germany (May 8, 2020) – ROTOCONTROL has expanded its global agent network for its [range of high-speed label and digital hybrid finishing machines](#) with the appointment of Davis Graphics S.A. as the local distributor for The Southern Cone region including Argentina, Uruguay and Paraguay. Francisco Soto, Director of Sales Latin America for ROTOCONTROL finalized the new partnership on the ROTOCONTROL stand during Label Summit Latin America held March 10-11 in Santiago.

Davis Graphics S.A. was formally established in 1968 to supply the local printing and pre-press market and today represents world-class manufacturers in the print industry including Mark Andy, Nazdar Ink, CGC, and Harper, among others. The company's mission is to provide reliable and timely solutions to its clients in their market.

“Davis Graphics’ strong market presence and established local service team will prove to be a dynamic and successful partnership for ROTOCONTROL,” said Soto. “Managing Director Felipe Arias and Senior Technical Service Manager Rodrigo Machado will play a vital role in supporting label printers and converters in Argentina, Uruguay and Paraguay.”

About Davis Graphics S.A.

Davis Graphics S.A. was created in 1968 to supply product for the local printing and pre-press market, and its origins date back to 1899 with the beginning of the commercial activities of Davis Graphics S.A.

Establishing successful long-term relationships with customers, suppliers and collaborators in order to meet their needs in a better way is Davis Graphics' main motivation.

Customers of Davis Graphics are in the graphic flexo and offset printing industry, in addition to distributors of office items.

Suppliers represented by Davis Graphics are world-class manufacturers and share the same vision of customer service in long-term relationships.

About Rotocontrol International GmbH

ROTOCONTROL, a wholly owned subsidiary of EMT International (www.emtinternational.com), designs and manufactures leading-edge finishing machines for label inspection, slitting, rewinding, die cutting, overprinting, digital and booklet printed labels, for converters in the narrow web industry. Available globally, ROTOCONTROL offers machines from smaller basic rewinders to feature-rich, sophisticated models with multiple options featuring S-Drive servo technology enabling maximum web control for the most delicate film and foil materials.

With facilities in Germany and the USA, ROTOCONTROL maintains the highest level of product quality through ease of use, absolute control and flexibility with a focus on operator safety and efficiency. A large customer support team is based at both facilities providing 24x7 remote service. ROTOCONTROL is the partner of choice in the finishing of label products.
