## EMT International Launches New Website

*New features make it easier for visitors to learn more about EMT services and products.*

SIEK, Germany (April 12, 2021) – EMT International, parent company of ROTOCONTROL following its acquisition in 2017, has launched a new website. The new site was designed to make it easier for visitors to learn more about EMT services and products offered from its fully integrated manufacturing and assembly operation.

New website features include a homepage slider featuring business capabilities, updated product information, company history timeline, dedicated career page with a job board, customer contact form for EMT & ROTOCONTROL, and a new corporate video featuring EMT's state-of-the-art 70,000 square foot facility.

Headquartered in Hobart, Wisconsin, EMT combines forces with ROTOCONTROL for user-friendly European design coupled with EMT's deep manufacturing and service structure to provide the best product support and delivery in the label finishing market. Direct manufacturing and service are provided from both EMT headquarters and ROTOCONTROL's facility in Siek, Germany.

Visit EMT International's new website at [www.emtinternational.com](http://www.emtinternational.com).

### **About Rotocontrol International GmbH**

ROTOCONTROL, a wholly owned subsidiary of EMT International ([www.emtinternational.com](http://www.emtinternational.com)), designs and manufactures leading-edge finishing machines for label inspection, slitting, rewinding, die cutting, overprinting, digital and booklet printed labels, for converters in the narrow web industry. Available globally, ROTOCONTROL offers machines from smaller basic rewinders to feature-rich, sophisticated models with multiple options featuring S-Drive servo technology enabling maximum web control for the most delicate film and foil materials.

### **-more-**

With facilities in Germany and the USA, ROTOCONTROL maintains the highest level of product quality through ease of use, absolute control and flexibility with a focus on operator safety and efficiency. A large customer support team is based at both facilities providing 24x7 remote service. ROTOCONTROL is the partner of choice in the finishing of label products.
