## ROTOCONTROL Appoints New Partner for Austria and Switzerland

*MCA PRO specializes in industrial solutions for inkjet printing.*

SIEK, Germany (September 16, 2021) – ROTOCONTROL has appointed inkjet specialist MCA PRO as its new partner for Austria and Switzerland. MCA PRO will provide sales and service support for the ROTOCONTROL product range in the areas of label finishing, high-volume hybrid solutions and the ECOLINE range of cost-effective finishing machines.

By combining ROTOCONTROL equipment with industrial printing systems from SCREEN and M-Print, MCA PRO can provide label manufacturers with customized and highly flexible inline solutions.

"ROTOCONTROL convinced me with its solid mechanical engineering, investment security through modularity and an excellent price/performance ratio," said MCA PRO Managing Director Martin Strobel. "We are pleased to be the exclusive sales and service partner of ROTOCONTROL in Austria/Switzerland."

### **About Rotocontrol International GmbH**

ROTOCONTROL, a wholly owned subsidiary of EMT International ([www.emtinternational.com](http://www.emtinternational.com)), designs and manufactures leading-edge finishing machines for label inspection, slitting, rewinding, die cutting, overprinting, digital and booklet printed labels, for converters in the narrow web industry. Available globally, ROTOCONTROL offers machines from smaller basic rewinders to feature-rich, sophisticated models with multiple options featuring S-Drive servo technology enabling maximum web control for the most delicate film and foil materials.

With facilities in Germany and the USA, ROTOCONTROL maintains the highest level of product quality through ease of use, absolute control and flexibility with a focus on operator safety and efficiency. A large customer support team is based at both facilities providing 24x7 remote service. ROTOCONTROL is the partner of choice in the finishing of label products.
