## ROTOCONTROL EMT featuring Hybrid Printing and Finishing at Labelexpo Americas

*On stand 331 will be an end-to-end hybrid solution with the ROTOCONTROL DT 2.0 label finishing machine and Domino's N610i inkjet label press.*

SIEK, Germany (August 9, 2022) – ROTOCONTROL EMT is returning to [Labelexpo Americas](#) with an inline hybrid solution featuring the ROTOCONTROL DT-340 digital label finishing machine with an integrated Domino N610i label press on stand 331. Labelexpo Americas 2022 takes place in Chicago from 13-15 September.

"With the integration of flexo, die-cutting, and digital inkjet printing, the ROTOCONTROL + Domino hybrid solution is an advantageous single-pass process meeting all requirements in the label market," said Marco Aengenvoort, ROTOCONTROL managing director. "We look forward to demonstrating this powerful end-to-end hybrid solution at Labelexpo Americas."

Features of the highly modular hybrid solution include multiple die-cutting stations, rotary flexo and flatbed screen printing units, up to seven colours including opaque white, with 600dpi native print resolution, combining the productivity of flexo printing with the flexibility offered by rapid job change digital technology. The N610i integration module incorporates Domino's renowned, automated, i-Tech intelligent Technology productivity features for enhanced flexibility and reliability.

### **About Rotocontrol EMT GmbH**

ROTOCONTROL EMT, a wholly owned subsidiary of EMT International ([www.emtinternational.com](http://www.emtinternational.com)), designs and manufactures leading-edge finishing machines for label inspection, slitting, rewinding, die-cutting, overprinting, digital and booklet printed labels, for converters in the narrow web industry. Available globally, ROTOCONTROL EMT offers machines from smaller basic rewinders to feature-rich, sophisticated models with multiple options featuring S-Drive servo technology enabling maximum web control for the most delicate film and foil materials.

With facilities in Germany and the USA, ROTOCONTROL EMT maintains the highest level of product quality through ease of use, absolute control, flexibility with a focus on operator safety and efficiency. A large customer support team is based at both facilities providing 24x7 remote service. ROTOCONTROL EMT is the partner of choice in the finishing of label products.
