EMT International/Rotocontrol Announces Appointment of Mike Herold as its New Executive VP of Sales & Marketing

Hobart, WI. EMT International, a leading supplier of finishing equipment to the digital print, label and packaging industries is excited to announce the appointment of Mike Herold as the new Executive Vice President of Sales & Marketing for EMT International/Rotocontrol. Jim Driscoll, the outgoing Executive VP of Sales & Marketing after an illustrious 29-year career with the company will transition to a new role as a Consultant/Advisor.

EMT International is highly focused on its initiatives to be a market-driven and technology-focused global industry leader and strong customer partner in the digital printing and label industries. These strategic leadership changes will strengthen our position and drive innovation and growth for the company today and in the future.

About Mike Herold: Herold is a highly accomplished industry executive with over 16 years of experience in the inkjet industry. Throughout his career at previous employers Ricoh and IBM, Mike has demonstrated exceptional leadership skills, a track record of delivering strong results in partnership with customers, and a deep understanding of printing and finishing technologies for the digital print/label industries. He brings extensive knowledge and a fresh perspective to our team, making his appointment a significant asset to the company.

About Jim Driscoll: Driscoll has been an invaluable member of EMT for 29 years and has played a pivotal role in driving the company's success. As he transitions to a Consulting/Advisory role, Jim will continue to contribute his expertise and provide strategic guidance to the executive team.

Mohit Uberoi, Owner/CEO of EMT/Rotocontrol commented "We are thrilled to welcome someone with the caliber of Mike Herold to the leadership team. His tremendous experience, exceptional track record, and passion for innovation and customer satisfaction will be instrumental in driving the growth of our company in the digital print and label markets. I would also like to express my gratitude to Jim Driscoll for his outstanding contributions to EMT/Rotocontrol specifically, and the industry overall.

About EMT International

With over 80 years' experience, EMT International is recognized as a world leader in engineering and manufacturing superior quality finishing equipment, accessories, and web transport solutions, serving OEM and converting customers worldwide in the paper, document processing, packaging, label, and printing industries.

EMT has the design and development expertise to create highly customized, application-driven solutions in offset, flexo and digital inkjet technologies. Headquartered in Northeast Wisconsin and Siek, Germany (Rotocontrol), EMT's global success was built on a reputation for innovation and world-class service.
