ROTOCONTROL Appoints MPS Systems UK as Agent in United Kingdom

MPS Systems UK to broaden their offering of flexo and offset printing presses with ROTOCONTROL/LeoMat finishing machines

Trittau, Germany (July 18, 2013) – ROTOCONTROL, [a manufacturer of leading-edge slitter/rewinder inspection machines](#) today announced the appointment of MPS Systems UK as the ROTOCONTROL/LeoMat agent in the United Kingdom. MPS Systems UK, a subsidiary of the Dutch MPS Systems B.V., will now offer the ROTOCONTROL/LeoMat brand of leading-edge finishing machines for inspection, slitting, rewinding, die cutting, overprinting, digital labels and booklet labels for converters throughout the United Kingdom.

Led by Nick Tyrer and Graham Carlon, MPS Systems UK brings years of experience in the self-adhesive industry, with numerous successful installations of MPS flexo and offset printing presses. The company has opted for the ROTOCONTROL/LeoMat brand to complement their product offering with a range of finishing machine solutions.

Nick Tyrer, Sales Director of MPS Systems UK comments: "We chose to represent ROTOCONTROL as the brand is well known for market-leading design philosophy and reliable build quality. We are impressed by the ergonomic design of the machines and the technical advances that ROTOCONTROL have brought to the market. Their constant pursuit of customer satisfaction is also one of the major reasons we opted to partner with them."

Marco Aengenvoort, Managing Director of ROTOCONTROL adds: "We are honoured to have MPS Systems UK represent the ROTOCONTROL/LeoMat brand in the United Kingdom. This is already a key territory for ROTOCONTROL with an opportunity for continued growth. Together with solid experience and a positive reputation in the narrow web industry, MPS Systems UK is the ideal choice of representation in the United Kingdom for ROTOCONTROL."

Nick Tyrer, Sales Director of MPS Systems UK

ROTOCONTROL and MPS Systems UK have made numerous on-site visits in the last month and have scheduled appointments for live demonstrations of ROTOCONTROL finishing machines at Labelexpo Europe in September.
