Ferroprint Opts For ROTOCONTROL RSC Slitter/Rewinder Finishing Machine

Ferroprint is one of South Africa's top printing and converter of self-adhesive material in Southern Africa

Ahrensburg, Germany (June 21, 2011) - ROTOCONTROL today announced the receipt of a purchase order from Ferroprint, one of South Africa's top printing and converter of self-adhesive material in Southern Africa. Ordered was a RSC Slitter/Rewinder finishing machine with 540mm web width. Consultation and continued support for the machine is led by Pascal Aengenvoort, Director from ROTOTEC, and the local Agent for ROTOCONTROL throughout South Africa.

Jeremy Ferrow, Ferroprint Managing Director, commented "Delivery of quality and commitment to service are key principles for Ferroprint. ROTOTEC has proven both as our supplier of Dies and I am certain the same quality and service will be delivered with the ROTOCONTROL RSC finishing machine. ROTOTEC is our official supplier for both Dies and ROTOCONTROL Finishing Machines."

Headquartered in Durban with offices across South Africa and a plant in China, Ferroprint's printed labels and shrink sleeves are seen on packages in the dairy and pharmaceutical industries, food and beverage products, personal care products, and on detergents, household cleaners and lubricants, among many others. Ferroprint follows a strategy of continual investment in state-of-the-art equipment and facilities.
