## **ROTOCONTROL to Showcase RSC Slitter Rewinder in Esagraf Stand at Graphispag 2011**

*Graphispag to be held March 22 – 26, 2011 at the Gran Via Exhibition Centre in Barcelona, Spain*

Ahrensburg, Germany (March 2, 2011) – ROTOCONTROL today announced its participation at Graphispag 2011 in the Maquinaria Esagraf Stand D738 from March 22 – 26 in Barcelona, Spain. To be demonstrated at the Fair is the ROTOCONTROL RSC slitter/rewinder inspection machine featuring a moveable operator console with touch screen technology, advanced cartridge slitting system, full servo control and vacuum vertical splice table with integrated waste rewind. The machine is also equipped with a fully integrated Nikka L2 100% vision inspection system.

In addition to ROTOCONTROL, Maquinaria Esagraf will also be representing fourteen other leading brands of machinery for the label industry including Nilpeter and Nikka Research. Graphispag is an International Printing Industry and Communication Exhibition that is held every four years. Exhibit hours are from 10am – 7pm.

Maquinaria Esagraf is the appointed Agent for ROTOCONTROL leading edge inspection, slitting, rewinding and die cutting finishing machines in Spain and Portugal. With more than 15 years of experience, Maquinaria Esagraf represents the best brands of production equipment in film converting machinery, self-adhesive material and cardboard. Through its access to a local logistics warehouse, Esagraf also provides on-site technical and production consultation services.

## **About ROTOCONTROL**

ROTOCONTROL designs and manufactures leading edge inspection, slitting, rewinding and die cutting finishing machines for the narrow web industry. Available globally, ROTOCONTROL offers machines from smaller basic rewinders to feature rich, sophisticated models with multiple options. All utilize S-Drive Servo Technology enabling maximum web control for the most delicate film and foil materials. Headquartered in Ahrensburg (Hamburg), Germany ROTOCONTROL maintains the highest level of product quality through ease of use, absolute control and flexibility. ROTOCONTROL is the partner of choice in the finishing of label products.

**Speed is Nothing without Control.**
