## ▶ **ROTOCONTROL Enhances RSC Compact Slitter Rewinder Product Line**

*Debut of the enhanced RSC Slitter Rewinder Inspection Machine set for March 23<sup>rd</sup> in Barcelona*

Ahrensburg, Germany (March 17, 2010) – Marco Aengenvoort, Managing Director, today announced numerous enhancements to the economical RSC compact slitter rewinder inspection machine product line including a new, moveable operator console, standard motorized slitting system, improved razor slitting cartridge as well as the addition of an onboard, 800mm roll lift option.

▶ “We take customer feedback seriously and strive to accommodate special requests” states Marco Aengenvoort. “As part of our continuous improvement program, if a special request is a feature that will benefit other Converter applications, we will integrate it as a standard feature in the next generation product.”

The first general release of the RSC new features will be demonstrated at an Open House in Barcelona, hosted by ROTOCONTROL's exclusive agent Esagraf, from March 23<sup>rd</sup> to the 26<sup>th</sup>. Converters will also observe the RSC integrated with a Nikka 100% vision system and Inkjet printing station. Additional Open House information is available through Esagraf + 34 93 721 03 25.
